CHEF SCOTTY ANDERSON

THE ART OF HOSPITALITY

A point *of view.*

CHEF SCOTTY ANDERSON

Chef Scotty Anderson founded Fueled by Scotty Culinary House in 2021 with a clear point of view: food should be as thoughtfully presented as it is prepared.

Based in the Atlanta area, the house brings that philosophy to private dining, curated catering, culinary collections, and corporate hospitality. Every experience begins with the people around the table.

THE VISION

A higher standard.

Food *with* feeling.

Layers of flavor. A sense of balance. Something unexpected. What appears on the plate is only the beginning of the experience.

THE CULINARY
POINT OF VIEW

The room *matters.*

From intimate private evenings to thoughtfully designed gatherings, the experience extends beyond the menu. Hospitality lives in the pacing, the presentation, and the details that guests remember.

A HIGHER STANDARD

The details *speak.*

An edit of real plates and real gatherings from the culinary house.
